It demonstrates the REBATE, earning power of money—the knowledge financiers and bankers have to invest small sums and how to make them grow into fortunes—the actual possibilities of intelligent investment—the enormous profits bankers make and show how one can make the same profits safely.

It explains MANY stupendous fortunes are made and WHY they are made—how \$1,000 grows to \$25,000.

To introduce my magazine write me. No mention of this paper, and I'll send it three months FREE. EDITOR GREGORY, 81 Jackson Blvd., Chicago.
